SEWP V Ordering Guide

SEWP V Ordering Process

The SEWP Quote Request Tool (QRT) on the SEWP V Customer Page is the best way to obtain SEWP quotes in accordance with the FAR and verified to be contractually correct. Orders must be sent through the SEWP Program Management Office (PMO). The NASA SEWP V Contract is open to all Federal Agencies. Alliance Technology Group is part of the small business category on the NASA SEWP V Contract.

Step 1

End User / Contracting Officer

1. Once you have found the correct solution, create a delivery order using NASA SEWP contract number.
2. Send your order to SEWP PMO.

Step 2

NASA SEWP PMO

1. SEWP PMO reviews the order & then sends it to the appropriate contract holder.

Step 3

Alliance Technology Group

1. Processes order.
2. Delivers equipment / services & invoices Contractor or Agency.

Your installation, basic warranty, extended warranty, order issues, technical support, software support, and other post-delivery issues are managed by your Alliance Account Executive. The Account Executive is named on your Quotation. For additional information, or help in identifying your Account Executive, please contact sewp@alliance-it.com.

About NASA SEWP V

The NASA SEWP V (Solutions for Enterprise-Wide Procurement) GWAC (Government-Wide Acquisition Contract) provides the latest in Information Technology (IT) products for all Federal Agencies. The SEWP V contract offer a vast selection and wide range of commercial advanced technology, including, desktops and servers, IT peripherals, network equipment, storage systems, security tools, software products, cloud based services, telecommunication, Health IT, video conferencing systems and other IT and Audio-Visual products along with product based services such as installation and maintenance to all Federal Agencies (including Department of Defense) and their approved support service contractors. Through SEWP V, Agencies can find an exact fit for their needs at the best overall value by choosing the right solutions offered directly by leading hardware and software manufacturers and experienced Government integrators.
